Guelph & Area Right to Life Statement of Beliefs

Vision: A compassionate community where the fundamental value of human life is respected and protected from biological beginnings to natural death.

Mission: To promote respect and protection of every human life, from biological beginnings to natural death, by educating our community on life issues, peaceful public witness, practical support for those experiencing unexpected pregnancies, and advocating for preborn children and those at risk of euthanasia or assisted suicide.

Values: To promote respect for all human life, we will:

1. Be knowledgeable, understanding and courageous;
2. Peaceably interact with others in truth, patience and kindness; and,
3. Use our resources with wisdom, integrity and gratitude.

I agree with the above mission, vision and values, as stated, and will do my best to uphold this statement in full as a member of Guelph & Area Right to Life.
